£450,000

Leasehold

The seller loves the light in the flat which is fantastic, firstly because of the large window and high ceilings of the staircase. It creates a sense of volume and space that you don't usually find in a one bedroom flat.

A second (Top) floor one bedroom conversion set in this end of terrace period property on this quiet residential road in Kilburn. Features include a spacious living room, separate kitchen, a small landing that is great for working from home or for use with a dining table, double bedroom and fully tiled bathroom.

We love the close proximity to Queens Park and Kilburn that has everything to offer from weekend farmers markets to independent breweries and coffee shops.

Situated less than half a mile from Kilburn Park Overground and Queens Park Bakerloo line stations.
